

Joint Office of  
**Homeless Services**

# **FY25 Adult Placement out of Shelter**

*Information Session - Allocation FY25*  
**NOVEMBER 21, 2024 11:30AM**

# Materials

Below is a list links to provide structural information related to the Adult Placement out of Shelter Allocation process

1. [Multnomah County Homeless Response System \(HRS\)](#)
2. [Multnomah County Homeless Response Action Plan \(HRAP\)](#)
3. [Community Sheltering Strategy](#)
4. [MSHS Multnomah County Local Implementation Plan](#)

# Goals and Targets

The Sheltering Strategy has a number of goals within it. This process aims to meet some of those goals

Each population system (adult, youth, DV, family) has an individual set of system goals that feed into a larger strategy across the entire system.

For the adult system, goals include

- Increased shelter bed capacity
- More people exit shelter into housing
- Staffing ratios are improved
- Staffing compensation is improved

# What is "Inreach"

"Inreach" is defined as a service model that brings housing placement services into existing shelter programs. The housing placement services are provided by a community based organization that is not the same organization that is operating the shelter program.

Functionally, this would involve having a caseworker(s) from a housing placement organization visiting a shelter program and providing housing case management and housing placement services to shelter guests.

# QUESTIONS

Questions can also be submitted in writing to the JOHS by 5pm on November 25th.
